IT8098: IT Research Project

Course Details	
Course Code:	IT8098
Course Title:	IT Research Project APPROVED
Short Title:	ITResProj
Course Level::	Level 8
Valid From::	2024/2025 Sem 2
Credits::	60
Owner:	ICT
Assessment Method:	Achievement
Course Aim	The course enables the student to apply critical knowledge acquired from the BICT degree and gain experience of research-based work practices. It provides the opportunity for the student to extend their learning in a particular research area, understand the practice of research as a profession and prepare for it, develop culture that supports research environments and also prepare them for postgraduate studies. The research experience provides a detailed knowledge and understanding of one or more subject disciplines and skills base that allows career prospects in both academia and industry work-based settings.

CILO	
On Completion of this course, the learner will be able to	
#	Learning Outcome Description
1	Apply specialized skills and detailed knowledge gained in the Bachelor of ICT programme to an approved research project
2	Critically analyze and evaluate the employability skills required of a work ready graduate
3	Critically analyze and evaluate the proposed solution using appropriate research methodologies
Requisites	
Pre Requisite: minimum of 45 credits at Level 8 and currently in a year 4 onwards block	

No Examinations
Other Controlled Assessments
Assessment Type Online Quiz
Assessment Type Viva voce examination
Uncontrolled Assessments
Assessment Type Essay
Assessment Type Self-assessment
Assessment Type Thesis
